“I’m not going to let you do that,” I said. “I’m not going to let you do that.”

The figure displays genomic tracks for the *Pseudomonas aeruginosa* PAO1 genome. The top track shows gene density, with genes represented by blue arrows. The bottom track shows GC content and GC skew, with GC content in green and GC skew in red. The GC skew plot highlights regions of high GC content (red) and low GC content (blue), which are typically found at the ends of chromosomes.
