also unambiguously mentioned the boundary dispute over Sir Creek with India in its Submission; and

2/5

equidistance principle” and that “Pakistan has also followed the same” is again an attempt to divert the Commission’s attention from the main issue. Using equidistance principle is not fundamentally under consideration at present. What is critical to note is that, while using the equidistance principle, Pakistan never included any part of the potential maritime boundary with India in its Submission for the consideration of CLCS.
