

### 3.2 – STATEMENT OF BRAZIL

Thank madame facilitator for the floor.

On 3.2.1 (access) of the Model that would be related to the (notice) of the model and the access to M, R to a national jurisdiction would need to be established and an institutional order to be created with the LBI. This is an essential element that would allow for the enactment and tracking of M, R.

/. on the other hand, the disclosure of the order and the order of commercial (non)commercial.

Once again, we have the benefit herein &
