Thank You Mme Chair,

First of all, I would like to congratulate you for your contribution to facilitate this working group. We are confident in our ability to lead us to fruitful conclusions.

My congratulations go too to the staff for celebrating their work. We look forward to elaborate the work of the diplomat too.

As to the subject at hand, Morocco believes that

is the main purpose of the Instrument.

In the resolutions 72/2 and 72/20 are the reference and the guideline for our work in this process and in response to the question on the relation with other instruments. Our intention is to establish a platform built on the transfer of technology, mutual relation online that for the new instrument to be effective, we

associates myself with what was said by the European Union in this regard

We believe there should be a mechanism of consultations and coordination with host States as regards 8MTs and M9s in order to prevent any significant if there is any negative impact on host states, the M9 should please) clear house mechanism is needed to share information

Thank you
