

Please find below a list of all the information applicants will be required to provide in order to submit a project proposal to UNDP. The below can be used to prepare your project proposal application only. UNDP will not accept submission of this document via email, fax, mail etc. Only project proposal applications submitted via our online Project Proposal System will be accepted and assessed by UNDP.

To access UNDP's project proposal form, each applicant is required to register their organization. The following details are required at registration:

- 1) Organization name
- 2) Name, title and contact information of key contact
- 3) Username (same as key contact)
- 4) Password
