Commission on Population and Development
54th Session
Population, food security, nutrition and sustainable development

Statement by the Republic of Poland

New York, 19 - 23 April 2021

Poland is a low HIV/AIDS prevalence country, with a stable epidemiological situation. Since the implementation of the research in 1985 until 30th of September 2019, there were 25 020 HIV

Mr. Chairman,

The modern world faces numerous challenges that one of the most important is to ensure food security for the rapidly growing world population, especially
