

OFFICE OF THE SPECIAL ENVOY
OF THE SECRETARY-GENERAL
FOR THE UNITED NATIONS FOOD SYSTEMS SUMMIT

**Pre-recorded Remarks by the Special Envoy
On the occasion of the Opening**

At today's annual CPD session, our focus is to understand the relationship between population, food and nutritional security, and sustainable development.

All these factors working in unison will influence and contribute towards the 2030 Agenda. As you go into these discussions, I would like you to keep a few things in mind:

One - There is sufficient scientific evidence that transforming our food systems is one of the most impactful ways to accelerate achievement of
