Since the convening of the last Caribbean Regional Seminar on the implementation of the Third International Decade for the Eradication of Colonialism in Quito, 2013,

required prices. In that round, the Caribbean demonstrated comprehensive participation. Statisticians from the Territories received training in national accounts statistics, and in the identification and collection of household consumption and other prices of items in an expanded basket of consumer items in the Caribbean. As at 31 May 2013, all Territories had submitted data to fulfill the two component requirements of the ICP.

The table below summarizes the level of engagement with these Territories during

the reporting period. A comprehensive list is annexed to this report.
