

Special Committee in advancing the decolonisation agenda in accordance with the 3, Charter and relevant resolutions of the United Nations was reaffirmed.

During this year's seminar included a number of concrete proposals for implementation, with a view to helping the Special Committee in the fulfilment of its mandate. These proposals touched upon various aspects of the work of the Committee such as visiting missions, dissemination of information, political education programmes, implementation of the 2070 Agenda for Sustainable Development and the role of the 3, specialised agencies and funds and programmes. The proposals made here will, without any doubt, enrich the discussions and decisions of the Special Committee and reinforce its work.
