

PEOPLE'S REPUBLIC OF CHINA

[The following text is completely obscured by heavy horizontal black redaction bars.]

through such mechanism as 10 plus 1, 10 plus 3 and the APEC.

3. We should intensify our efforts in influenza studies, laboratory tests, and medicine and vaccine researches, and establish avian influenza laboratory network at the national level.

4. We should appropriately handle the issue of intellectual property rights in cooperation on human, animal, vaccine, and anti-virus drug reserves, and reduce the cost for developing countries in obtaining and producing related vaccines and medicines.
