

upon by Member States. We would like to ask you, Mr. Chair, and the other

members of the bureau, to ensure that adequate time is provided in the Programme of Work for this important agenda item.

Mr. Chairman,

The United States of America is committed to implementation and

resource management initiatives, such as the young professionals programme, and other efforts to achieve important human resource targets, such as those pertaining to geographic and gender balance, as well as efforts to rejuvenate the
