

PERMANENT MISSION OF THE REPUBLIC OF MOLDOVA
TO THE UNITED NATIONS

STATEMENT

Madam Chair,

My delegation supports the General Assembly request to all participating organizations to increase the use of JIU's reports and also acknowledges the efforts of the Secretary-General, in his capacity as Chair of the United Nations Chief Executives Board for Coordination, to ensure the effective consideration and to improve the implementation rates of the Unit's recommendations.

We thank the Joint Inspection Unit for the work conducted on the projects and reports issued in 2018.

The projects' selected topics are balanced in terms of system-wide versus single organization review and respond to the requirements of the participating organizations in an environment of unfolding UN reforms.
