

existing capacities within the Secretariat performing related functions, the Committee is of the view that the establishment of the Office at this stage is not fully justified, and recommends against its establishment.

The Advisory Committee trusts that the Secretariat will clarify the scope and the reporting lines, and address the potential duplication of existing resources. Taking into account these observations, including the need for more comprehensive data and analysis, and a refined strategic action plan, the Advisory Committee is of the view that further efforts are required to refine the proposal, including a complete overview of related matters, such as the applicable Staff
