

General Assembly

NOTE ON LOGISTICAL ARRANGEMENTS AND OTHER ORGANIZATIONAL MATTERS FOR THE FIRST COMMITTEE AT THE SEVENTY-FIFTH SESSION OF THE GENERAL ASSEMBLY

Access to the General Assembly Hall for meetings of the Committee

1. In a Note dated 29 September 2020 addressed to the Permanent Missions of Member and Observer States to the United Nations, the Department for General Assembly and Conference Management informed that access to the General Assembly and its related activities will be suspended and a secondary location will be used for meetings. The access cards are transferable strictly among members of a delegation. It should be noted that access to the General Assembly and its related activities is limited to Member States, Observer States and the European Union.
2. For that purpose, the Protocol and Liaison Service will proceed as follows:
 - 1a) Access to the United Nations premises will be limited to one delegation per delegation and a secondary location will be used for meetings.
 - 1b) The Permanent Mission of a Member or Observer State and the delegation of the European Union will be issued two access cards for meetings of the first committee.
 - 1c) It should be noted that, in order to limit the footprint and the number of people on United Nations premises, presence in the General Assembly and its related activities will be limited to one delegation per delegation.
 - 1d) Since presence in the General Assembly and its related activities needs to be limited to one delegation per delegation, the second location will be used for each meeting in order to facilitate the rotation of the delegations of each delegation during the meetings.
 - 1e) Representatives of intergovernmental organizations and other entities will have received a standing invitation to participate as observers in the sessions and the work of the General Assembly and each will receive one secondary location.
