

Policy Brief

Fulfilling the promise of globalization

Advancing sustainable development in an interconnected world*

Globalization has significantly influenced global growth and sustainable development over the past decades. Driven by the mobility of goods/ services/ capital/ labor and technology/ it has unleashed a wide array of opportunities as well as new challenges for realizing sustainable development. To

*This policy brief is largely based on the Report of the Secretary-General ([A/72/30](#)) on the role of the United Nations in promoting development in the context of globalization and interdependence. It will be considered by the Second Committee of the General Assembly on 7 October 2017.
