
Formatting of draft proposals for submission

1. When preparing for the tabling of a recurrent draft resolution based substantially on a pre-existing General Assembly resolution, please download the issued Word version of that resolution from the Official Document System (ODS) available under the symbol A/RES/xx/xx. All revisions to the text should be clearly marked up using electronic track changes!
2. Similarly, when submitting a revised draft resolution, the original issued draft resolution available on ODS under the symbol A/C.2/72/L.xx, must be used as the base text. All revisions to the text should be clearly marked up using electronic track changes.
3. For completely new draft proposals, no text needs to be marked up in electronic track changes. However, it would greatly facilitate the processing of the text if the sources of agreed language are reflected in parenthesis after relevant paragraphs

Sponsorship of draft proposals

4. Starting from the 72nd session, all sponsorship of draft proposals will be conducted electronically through the eSponsorship module accessible on the DeleGATE portal. Delegations tabling a draft proposal need to sponsor the text electronically before submitting the draft proposal for processing to the Secretariat. If delegations wish to be listed on an L-document as cosponsors of a text open for additional sponsorship, electronic sponsorship of the draft proposal needs to be completed before the draft proposal is tabled by its main sponsor. Please see detailed step-by-step guidelines on "Initiating a draft proposal for sponsorship (by a main sponsor)" and "Cosponsoring a draft proposal" on the e-DeleGATE portal of the Second Committee.
