in order to identify

employers. The Employment Commission has a greater

such as the International Chamber of Commerce

Mr. Spence, the Commission is not a government body. It is a private organization. It is not a government agency. It is not a government department. It is not a government ministry. It is not a government bureau. It is not a government office. It is not a government institution. It is not a government organization. It is not a government entity. It is not a government body. It is not a government agency. It is not a government department. It is not a government ministry. It is not a government bureau. It is not a government office. It is not a government institution. It is not a government organization. It is not a government entity.

That
