

Thematic priorities: The 4POW 2021-2024 consists of two technical-policy biennium: 2021-2022 and 2023-2024. Consistent with Annex II of ECOSOC resolution 2017/4, the Forum's odd- and even-year sessions for each biennium will be thematically linked on the basis of the GFGs and targets, taking into account the post-2020 programme of work of the High-Level Political Forum on Sustainable Development (HLPF). In order to carry out this guidance, would it be useful for the work programme to (check one):

- a. Identify three GFGs and associated targets as thematic priorities for a technical exchange of experiences among Member States and partners and a subsequent policy review in each biennium (progress on all GFGs are reviewed in the four-year period), taking into account the post 2020 HLPF programme of work? OR
- b. Leave the decision on which GFGs will be the themes for each biennium to the Bureau (current practice) in order to take into account, the post-2020 HLPF programme of work, which is expected to be agreed upon before the end of 2019? OR

X

Other elements: In addition to the Forum's thematic and operational priorities, what other elements should be reflected during 4POW 2021-2024 (check all that apply):

- a. Contribution of CPF and its member organizations to UNSPF 2030 implementation,
- b. Contribution of regional/subregional and Major Group partners to UNSPF 2030 implementation
- c. Post-2020 global framework for biodiversity under the Convention on Biological Diversity
- d. The initial global stock-taking under the Paris Agreement (to be conducted in 2023)
- e. Other (please list)

Technical sessions: Based on the experience of the 4POW 2017-2020, how could the Forum's technical sessions in 2021 and 2023 be organized to enhance the exchange of experiences and interaction among Member States, CPF and its member organizations, and regional/subregional and Major Group partners, and to address the science-policy interface (check all that apply):

- a. Reduce the number of panels to allow more time for exchange of experiences among participants
- b. Include a panel on the science-policy interface on the thematic priorities identified for each
