POLICY RECOMMENDATIONS TO ADDRESS INEQUALITY

The COVID-19 pandemic has exacerbated pre-existing inequalities, reversing development gains made during the 2010s. Inclusive growth, gender equality, inequality reduction, and overall SDG achievement

Join us to explore how a post-pandemic period can reduce leverage on economic responses to build a sustainable, inclusive and equitable future. Hosted by UNDP's Inclusive Growth

accelerate the realization of SDGs. The ‘SDG Push’ scenario includes inclusive green growth, including integrated policy choices for a green economy, and digitalization. Ambitious yet realistic, it is designed to counter the impact of the pandemic and put countries back on a faster track to achieving the SDGs. Against this background, the side-event seeks to discuss the impact of the pandemic on inequalities in human development in LDCs.
