

ATTACHMENT D

PROPOSAL OF A CORE SET OF INDICATORS FOR MONITORING THE SAMOA PATHWAY
WITH GLOBAL INDICATOR AND CARIBBEAN AND PACIFIC REGIONAL ALIGNMENT

PRIORITY ACTIONS	PROPOSED INDICATOR	GLOBAL INDICATOR ALIGNMENT	CARICOM	SPC
CLUSTER 23- 29: Sustained and Sustainable, Inclusive and Equitable Economic Growth with Decent Work for all				
Enhance the enabling environment at the national and regional levels to attract more public and private investment in building and maintaining appropriate infrastructure	Total official international support (ODA plus other official flows) to infrastructure	SDG 9.a.1		

Foster entrepreneurship and innovation, building capacity and increasing the competitiveness and social entrepreneurship of micro, small and medium-sized enterprises and State-owned enterprises in

CLUSTER 31 46: Climate Change				
(Address remaining gaps in capacity for gaining access to and managing climate finance	Amounts provided and mobilized in United States dollars per year in relation to the continued existing collective mobilization goal of the \$100 billion commitment through to 2025	SDG 13.a.1	X	
	Assessment of financial, technology transfer and capacity-building support needed and received under Articles 9, 10 & 11 (Paris Agreement: Article 13.10)	Paris Agreement	X	X
CLUSTER 47 -50: Sustainable Energy				
Develop a strategy and targeted measures to promote energy efficiency and foster sustainable energy systems based on all energy sources, in particular renewable energy sources, in small island developing States, such as wind, sustainable biomass, solar, hydroelectric, biofuel and geothermal energy	Renewable energy share in the total final energy consumption	SDG 7.2.1	X	
	Installed renewable energy-generating capacity in developing countries (in watts per capita)	SDG 7.b.1	X	
Support investment in initiatives by and for small island developing States, in particular the " SIDS DOCK" indicative project pipeline of renewable energy and energy efficiency and conservation projects, as well as in the areas of capacity-building and human resources development and public education and awareness;	International financial flows to developing countries in support of clean energy research and development and renewable energy production, including in hybrid systems	SDG 7.a.1	X	
CLUST	SDG			

disaster response and recovery, risk assessment and data, land use and planning, observation equipment, disaster preparedness and recovery education programmes, including under the Global Framework for Climate Services, and disaster risk management	the transfer and exchange of disaster risk reduction-related technology			
	Number of international, regional and bilateral programmes and initiatives for the transfer and exchange of science, technology and innovation in disaster risk reduction for developing countries	SENDAI -F5		
Promote cooperation and investment in disaster risk management in the public and private sectors:	Total official international support (ODA plus other official flows for disaster risk-reduction-related capacity-building in developing countries	SENDAI F-6		
Strengthen and support contingency planning and provisions for disaster preparedness and response, emergency relief and population evacuation, in particular for people in vulnerable situations, women and girls, displaced persons, children, older persons and persons with disabilities	Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population	SDG 13.1.1 SENDAI G3		

Enhance local, national, regional and global cooperation to <u>address the causes</u> of ocean acidification and to <u>further study</u> and minimize its impacts, including through information-sharing, regional workshops, the integration of scientists from small island developing States into international research teams, steps to make marine ecosystems more resilient to the impacts of ocean acidification and the possible development of a strategy for all small island developing States on ocean acidification	Average marine acidity (pH) measured at agreed suite of representative sampling stations			
Conserve by 2020 at least 10 per cent of coastal and marine areas in small island developing States, especially areas of particular importance for biodiversity and for ecosystem services, through effectively and equitably managed, ecologically representative and well-connected systems of protected areas and other effective area-based conservation measures in order to reduce the rate of biodiversity loss in the marine environment	Coverage of protected areas in relation to marine areas ¹	SDG 14.5.1		
CLUSTER 59 63: Food Security and Nutrition				
Promote the further use of sustainable practices relating to agriculture, crops, livestock, forestry, fisheries and aquaculture to improve food and nutrition security while ensuring the sustainable management of the required water resources	Proportion of agricultural area under productive and sustainable agriculture	SDG 2.4.1	X	
Promote open and efficient international and domestic markets to support economic development and optimize food security and nutrition	Developing countries' and least developed countries' share of global exports ¹ (NB Can be made National/SIDS-specific)	SDG 17.11.1		X

² United Nations, *Treaty Series*, vol. 1673, No. 28911.

Ensure in small island developing States the promotion and protection of the human rights of all women and their sexual and reproductive health and reproductive rights in accordance with the Programme of Action of the International Conference on Population and Development, the Beijing Platform for Action and the outcome documents of their review conferences

Proportion of women aged 15-49 years who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care

CLUSTER 83 -86 Promoting Peaceful Societies and Safe Communities				
83. Support small island developing States in their ongoing efforts to ensure peaceful societies and safe communities, including through building responsive and accountable institutions and ensuring access to justice and respect for all human rights, taking into account their national priorities and legislations.	Existence of independent national human rights institutions in compliance with the Paris Principles	SDG 16.a.1	X	X
84. Sustainable development of small island developing States can be negatively affected by crime and violence, including conflict, gang and youth violence, piracy, trafficking in persons, cybercrime, drug trafficking and transnational organized crime. In particular, the lack of sustainable livelihoods and opportunities for further education and the breaking down of community support structures can lead to increasing numbers of young men and women becoming involved in violence and crime	Proportion of population subjected to (a) physical violence, (b) psychological violence and (c) sexual violence in the previous 12 months ¹	SDG 16.1.3		

<p>85. Combat trafficking in persons, cybercrime, drug trafficking, transnational organized crime and international piracy by promoting the accession, ratification and implementation of applicable conventions, enacting and using legislation that prohibits trafficking, promoting strong institutions and improving protection mechanisms to ensure adequate care for victims of sex trafficking and forced labour in accordance with relevant national and international agreements and treaties</p>	<p>Number of victims of human trafficking per 100,000 population, by sex, age and form of exploitation¹</p>	<p>16.2.2</p>		<p>X</p>
<p>CLUSTER 87 88 Education</p>				
<p>Provide high-quality education and training for youth and girls with a focus on the most vulnerable, in particular persons with disabilities, including in creative, cultural and environment-related fields, so that all people have the necessary skills and can take advantage of employment opportunities to lead productive lives</p>	<p>Completion rate (primary education, lower secondary education, upper secondary education)</p>	<p>SDG 4.1.2</p>		
	<p>Participation rate of youth and adults in formal and non-formal education and training in the previous 12 months, by sex¹</p>	<p>SDG 4.3.1</p>	<p>X</p>	
<p>) Increase investment in education, training and skills development for all, including vocational training, and to improve their access to formal and non-formal education</p>	<p>Budget allocation to education and training, including skills and vocations training as a percentage of national budget</p>	<p>PROPOSAL</p>		

CLUSTER 94 Forests				
Achieve appropriate and effective reforestation, restoration and afforestation	Forest area as a proportion of total land area ¹	SDG 15.1.1		
Improve the state of biological diversity by conserving and safeguarding ecosystems, species and genetic diversity	Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected areas, by ecosystem type ¹	SDG 15.1.2		
CLUSTER 95 Invasive Alien Species				
Develop and strengthen capacity to address invasive alien species issues, including prevention, as well as increasing public awareness in small island developing States about this issue.	Number of persons trained annually in seaport and airport monitoring of agricultural imports, including illegal imports	PROPOSAL		

Reduce transfer costs related to remittances while pursuing the international targets and agreed outcomes of important international initiatives set by the United Nations system concerning remittances, given their importance for the economic growth of small island developing States	Volume of remittances (in United States dollars) as a proportion of total GDP ¹	SDG 17.3.2		
CLUSTER 107 Trade				
Encourage engagement in trade and economic agreements, taking into consideration existing special and differential treatment provisions, as appropriate, and taking note of the work conducted to date under the work programme on small economies of the World Trade Organization	Weighted average tariffs faced by developing countries, least developed countries and small island developing States ¹	SDG 17.12.1		X
CLUSTER 108 \ 109 Capacity-Building				

Build national capacity to fulfil reporting requirements deriving from commitments made by small island developing States when signing international agreements and commitments

<p>Support the efforts of small island developing States to..._increase connectivity and the use of information and communications technology through improved infrastructure, training and national legislation, as well as public and private sector involvement</p>	<p>Proportion of population covered by a mobile network, by technology</p>	<p>SDG 9.c.1</p>		
<p>CLUSTER 112 114 Data and Statistics</p>				
<p>Strengthen the availability and accessibility of data and statistical systems, in accordance with national priorities and circumstances, and enhance their management of complex data systems, including geospatial data platforms, by launching new partnership initiatives or scaling up existing initiatives</p>	<p>Dollar value of all resources made available to strengthen statistical capacity in developing countries¹</p>	<p>SDG 17.19.1</p>		
	<p>Proportion of countries that (a) have conducted at least one population</p>	<p>SDG 17.19.2</p>
