**Purpose**

The Peacebuilding Commission's Annual Session in 2016 offers a platform to further strengthen the Commission as the key intergovernmental advisory organ on sustaining peace and peacebuilding at the United Nations, including on the development of policies. This year's topic will focus on

Building on the resolutions on the peacebuilding architecture (A/RES/70/262 and S/RES/2282 (2016)), how can a more flexible PBC better support countries undergoing transitions?
