1 Context in Côte d'Ivoire

4 Main observations by criteria and evaluation components

4.1 Relevance

QE1. How relevant was the PBF portfolio (2015-2019) to key conflict drivers and peacebuilding needs in Côte d'Ivoire, considering the evolution of the context since 2015

SE09. PBF projects are deeply ingrained in knowledge of the context, and target the geographic areas that are the most affected by the conflict, without necessarily directly addressing key conflict

4.3 Effectiveness and Impact

QE3. Have PBF projects since 2015 delivered the expected results and what was the impact on peacebuilding in Côte d'Ivoire?

SE14. In general, the findings regarding the results and effects of PBF interventions are positive. The achievements are for the

which are rarely brought before a court for reasons such as customs and the lack of trust in the justice system, among others..

4.6 PBF coordination and monitoring

QE6. How did PBF mechanisms efficiently allow PBSO partners to deliver a relevant and

5 Catalytic effects, good practices and lessons learned

SE27.

Conclusions	Recommendations
	the rest by international NGOs, depending on their added value.
b) Restoring trust between State and populations and reinforcing social cohesion	
<p>C3. The PBF had a positive impact on the reconciliation between the State and populations and on promoting social cohesion, however its impact is mainly limited to the targeted zones and stakeholders who received ongoing support.</p>	<p>REC 3. Support, for at least another 2 to 3 years the deployment and extension of dialogue frameworks</p>
