## FAHRTSCHAFTSBERICHT 2021

Die UN-Peacebuilding Fund (UN-PBF) ist ein wichtiges Instrument der UN zur Unterstützung von Friedensmissionen. In 2021 wurde die UN-PBF um 50% erweitert, um den steigenden Bedarf an finanziellen Mitteln zu decken. Die UN-PBF hat in 2021 über 1,8 Milliarden US-Dollar für Friedensmissionen zur Verfügung gestellt.

In July 2021, the UN-PBF approved a budget of \$2.8 billion for 2021, a 50% increase over the 2020 budget. This increase was necessary to support the growing number of UN peacekeeping operations and other UN-led initiatives.

A key focus of the UN-PBF in 2021 was supporting the implementation of the 2021-2022 Strategic Plan for UN Peacebuilding. This plan outlines the UN's commitment to supporting the implementation of the 2030 Sustainable Development Goals (SDGs) through peacebuilding efforts.

The UN-PBF also continued to support the implementation of the 2019-2022 Strategic Plan for UN Women. This plan focuses on supporting the implementation of the 2030 Sustainable Development Goals (SDGs) through gender equality and women's empowerment efforts.
