2. In General Assembly resolution 60/180 and Security Council resolution 1625 (2005), the Assembly requested me with a view to peacebuilding and for the purpose of building, with the immediate release of resources to launch the Peacebuilding Fund to the peacebuilding process. The terms of reference should describe its scope, its focus, its objectives, its mandate for peacebuilding and addressing critical gaps, and the sustained support and engagement of the key stakeholders. Since its establishment, the Peacebuilding Fund has made progress. Yet, judging on the basis of operational challenges, growing recognition of the potential of the Fund for peacebuilding, the effectiveness and the catalytic impact of the Fund, and, the process leading to the Fund's establishment, the annex to the present report, which sets out the management structure, is critical.

* Late submission with the Security Council in the interim.

Terms of reference for the Peacebuilding Fund

1.1. The General Assembly and the Security Council requested the Secretary-General to establish a multi-year standing Peacebuilding Fund (hereinafter referred to as the Fund) for post-conflict peacebuilding.^a The Peacebuilding Fund, together with the Peacebuilding Commission and the Peacebuilding Support Office, is part of a broader United Nations peacebuilding architecture which works with international- and country-level partners in support of post-conflict peacebuilding. The Fund provides for a more sustained engagement in support of countries emerging from conflict and will support peacebuilding activities that directly contribute to post-conflict stabilization and strengthen the capacity of Governments, national/local institutions and transitional or other relevant authorities.

1.2. The Peacebuilding Fund is a global fund designed to support several country situations simultaneously and therefore combines the scope of a global fund with the country-specific focus of a multi-donor trust fund. The Fund's basic architecture encompasses a two-tier decision-making process, involving a central allocation of funding to countries eligible for Fund support and, at the country level, a joint review by the Government and the senior United Nations representative of the Secretary-General in the country (hereinafter referred to as the senior United Nations representative) concerning the disbursement of funds against agreed-upon programme and project activities.

1.3. In fulfilling its mandate to provide immediate and direct support to post-conflict countries, the operations of the Peacebuilding Fund shall be guided by the following principles:

- Transparency
- Flexibility

6.4. The Peacebuilding Support Office shall also provide regular briefings to Member States and donors on the performance of the Peacebuilding Fund based on the progress reports and evaluations referred to in paragraphs 6.1 and 6.3 above. An annual Peacebuilding Fund meeting will be convened to provide all stakeholders with the opportunity to review Fund progress and emerging lessons.

6.5. The Peacebuilding Fund will be subject solely to the external and internal audit procedures of the United Nations.

7. Contributions to the Peacebuilding Fund

7.1. The current funding target of the Peacebuilding Fund of \$250 million should be increased in response to evolving needs and activities of the Fund. 7.2. The Peacebuilding Fund is a multi-year standing fund and requires a continuous income to maintain its operability. The annual meeting to review progress referred to in paragraph 6.4 above can provide an occasion for replenishment of the Fund. The Peacebuilding Support Office and the UNDP Multi-donor Trust Fund Office will provide donors with detailed reports on the use of the Fund, in terms of performance progress and expenditure, so as to provide thereby substantive support to any replenishment request.
