**A**                      **DG**                      *[ Please select all that apply, and make sure to state the baseline of each target]*

(Member States targets could be based on their NDCs, energy policies, national five-year plans etc. targets for companies/organizations could be based on their corporate strategy)

By 2030, ensure universal access to affordable, reliable and modern energy services.

Target(s): 100% of Bolivians have basic electricity service

Time frame: 2021 - 2030

Context for the ambition(s): Execution of projects for universal access to electric energy coverage within the framework of the horizontal expansion programs provided for in the investment plans of the country's distribution companies.

Implement photovoltaic systems with lithium batteries in rural communities where the main electrical energy network does not r

9.1. Please add at least one measurable and time-based outcome for of the actions from section 2. *[Please add rows as needed].*

|   |             |
|---|-------------|
| <b>Outcome:</b> Extend and densify electric power networks in urban and rural areas   | <b>Date</b> |
| 2,977.20 km of transmission lines built within the National Interconnected System   | 2025        |
| <b>Outcome:</b> Apply alternative energies in dispersed rural areas, facilitating access to solar panels in more remote communities | <b>Date</b> |
| 100% electric power coverage has been achieved in urban and rural areas with the implementation of RE                               | 2030        |
| <b>Outcome:</b> Manufacture of lithium batteries for energy storage   | <b>Date</b> |
| Use of Bolivian lithium batteries in photovoltaic systems distributed in rural areas  | 2030        |
| <b>Outcome:</b> Build and operate hydroelectric plants and implement Ms f Bolivian  |             |

- Increase contribution of and accelerate the implementation of the SDG 7 targets in support of the 2030 Agenda for Sustainable Development for Paris Agreement

*I. 1. Does the Energy Compact strengthen and/or add a target, commitment, policy, action related to SDG7 and its linkages to the other SDGs that results in a higher cumulative impact compared to existing frameworks?*

Yes  No

*I.2. Does the Energy Compact increase the geographical and/or sectoral coverage of SDG7 related efforts?*  Yes  No

*I.3. Does the Energy Compact consider inclusion of key priority issues towards achieving  $\phi$ s*
