Additional Information on
Special Registration Arrangements for In-person Participants

In order to address the public health and safety concerns arising from the ongoing COVID-19 pandemic, the Host Government is requesting all in-person participants at the Conference to provide additional information related to their vaccination status. For this reason, the UN registration process (using the Indico system as explained in the Information Note for the Conference) will be supplemented by an additional registration process, which will be fully managed by the Host Country. (Link to the Host Country registration site: https://reg.transport-dev.org.cn/) As a result of this process, an 'Access Pass' will be issued by the Host Country to all in-person participants, in addition to the UN Badge. This pass is required for all three days of the Conference (14-16 October 2021) to enter the Conference venue – China National Convention Center (CNCC) in Beijing

The details of this registration process and access policy are provided below:

1. All in-person participants will need a unique "invitation code" sent by the Ministry of Transport, which is req sent
