Madame Chairperson,

the past year has been a year of great change and challenge. The COVID-19 pandemic has tested the resilience of the United Nations and its member States. The General Assembly has shown its leadership in the face of these challenges.

Earlier this month, Israel also partnered with the U.S. to launch a new program to help Holocaust survivors in Israel.

The U.S. delegation also conducted a roundtable discussion on the issue, featuring Holocaust survivors and Israeli officials.

Director of the U.S. Holocaust Memorial Museum, Michael Perman, said that the program is a "historic moment" for Israel.

Perman, who is the mother of an autistic child, said that the program is a "historic moment" for Israel.

He said that the program is a "historic moment" for Israel, and that it is a "historic moment" for Israel.
