11:25 – 12:00

Interactive session  
Focus: ACCELERATE

This session will highlight innovative approaches and commitments to mobilize investments for sustainable digital infrastructure in LLDCs, emphasizing new financing models and supportive policy adaptations that encourage both public and private sector involvement. A summary of key findings from the Digital Infrastructure Investment Initiative, co-led by ITU and the IFI/DFI community, will provide insights into financial mechanisms designed to accelerate investment in affordable, meaningful connectivity.

12:00 – 12:15

Closing  
This segment will offer key reflections on the discussions, summarizing outcomes and setting
